 - (ii) the reliability, capability, performance or standard of *transmission services* at any *connection point* on the Transmission System will not be reduced by the *connection* of the Customer's Facilities; and

- (g) if TransGrid provides any Services which are over and above the standard of services that is required to be provided under this agreement (including with respect to power transfer levels as referred to in clauses 2.3 and 2.4) or Applicable Laws (the "**Excess Services**"), then:
 - (i) the Customer will comply with any conditions imposed by TransGrid and any directions given by TransGrid (including any requests to reduce the amounts of power taken by the Customer's Facilities) while such Excess Services are being provided; and

- (a) The parties agree and acknowledge that the fault levels specified in paragraph 5 of Part A of the Connection Agreement Data Book (in the case of TransGrid) and the Performance Standards (in the case of the Customer) are an approximation of actual fault levels that may apply at a Connection Point from time to time.
- (b) To ensure that the fault levels specified in paragraph 5 of Part A of the Connection Agreement Data Book (in the case of TransGrid) and the Performance Standards (in the case of the Customer) resemble, as closely as possible, the actual fault levels applying at a Connection Point from time to time, each party agrees to:
 - (i) periodically review the fault levels applying at each Connection Point; and
 - (ii) consult with the other party and exchange such information as is necessary to facilitate each party's conduct of a review under clause 2.14(b)(i).
- (c) Each party will ensure that all plant and equipment belonging to it at each Connection Point can withstand the actual fault levels applying at the relevant Connection Point from time to time.
- (d) TransGrid will ensure that all equipment belonging to it at each Connection Point can withstand the Voltage Range specified in respect of that Connection Point in paragraph 2 of Part A of the Connection Agreement Data Book.
- (e) TransGrid may propose a change to the Voltage Range applying at a Connection Point in accordance with clause 5.2.
- (f) If the parties agree on an amendment to the fault level or Voltage Range at a Connection Point in accordance with clause 2.14(b) or clause 2.14(e), the parties agree to amend the Connection Agreement Data Book as required to record the new fault level or Voltage Range in accordance with clause 5.2(g).

- (d) the amount payable by the Customer under this agreement will be increased to the extent necessary to ensure that, after the making of the relevant deduction, withholding or payment, TransGrid receives and retains (free from any liability in respect of any such deduction, withholding or payment) a net amount (after allowances for any credit or benefit received by TransGrid as a result of the Customer's deduction, withholding or payment) equal to the amount which TransGrid would have received and so retained had no such deduction, withholding or payment been made unless TransGrid is prohibited under the Rules from receiving such amount; and

- (e) If an adjustment event occurs in relation to a supply made under or in connection with this agreement, the GST Amount will be recalculated to reflect that adjustment and an appropriate payment will be made between the parties.
- (f) Where a supplier incurs a cost or expense for which it may be reimbursed by, indemnified against, claim against or set-off against another party under this agreement, the amount to be paid or credited is the cost or expense (reduced by the input tax credit that the supplier is entitled to claim in respect of that cost or expense) plus any GST Amount payable under this clause.

3.8 Interest on disputed amount

Where, as a result of the determination of a dispute of the nature referred to in clause 3.7, either party has to pay money to the other then, in addition to such payment, interest will be payable thereon from the date the disputed invoice was due until the date the paying party actually pays the other party the relevant amount at a rate equal to the Interest Rate calculated on a daily basis with payment of such interest due on the date agreed between the parties or determined in accordance with clause 14 for the payment of the principal amount.

TransGrid will invoice the Customer for such costs and the Customer pay such costs in accordance with clause 3. For this purpose the Customer must provide TransGrid with unhindered access to the Customer's Property to the extent required to take such steps.

provided that such rights of access or use may not be exercised in a manner which prevents the Customer from performing its obligations under this agreement or Applicable Laws. In exercising the rights of access and use under this clause 7.1, TransGrid must comply with any reasonable procedures, access and safety protocols specified from time to time by the Customer (including the access and safety protocols set out at Attachment 4). The Customer must ensure that any of TransGrid's Equipment located on the Customer's Property is not the subject of any Security Interest created or permitted by it.

and will be in addition to any right of access either party may otherwise have under Applicable Laws and any Licences or Easements.

7.4 Each party's access to Third Party Property

If any of TransGrid's Equipment is, or the Customer's Facilities are, to be located or is located on Third Party Property leased, occupied or used by the other party (such party called the "**occupier**") and the other party requires access or will require access to it for the proper performance of this agreement (such party called the "**party requiring access**"), the occupier must use its reasonable endeavours to secure a right of access that is capable of being exercised by the party requiring access so as to permit the party requiring access to properly perform this agreement. The party requiring access must comply with any reasonable requirements, access and safety protocols imposed by the party or parties controlling access to the Third Party Property as a condition of allowing such access (including the access and safety protocols and third-party requirements set out at Attachment 6).

7.5 Access for Metering Provider

- (a) To the extent that any Metering Equipment is located on the Customer's Property, the Customer agrees that the relevant *Metering Provider* will have:

 - (ii) **Right to use amenities:** a right to use amenities available to the Customer which are associated with, or ordinarily used in association with, any metering equipment,

and any such metering equipment will be deemed to be TransGrid's Equipment for the purposes of this clause and TransGrid may, on the *Metering Provider's* behalf, enforce the *Metering Provider's* rights under this clause 7.5(a).

- (b) To the extent that any Metering Equipment is located on TransGrid's Property and provided it does not prevent TransGrid from performing its obligations or exercise its rights under this agreement, TransGrid agrees that the relevant *Metering Provider* will have:
 - (i) **Right of access:** a right of access to and over TransGrid's Property for the purpose of installing, testing, inspecting, maintaining, reading, repairing, replacing, operating or removing any metering equipment and for any other related purpose; and

and any such metering equipment will be deemed to be Customer's Facilities for the purposes of this clause 7.5(b) and the Customer may enforce the *Metering Provider's* rights under this clause 7.5(b).

7.6 Rights survive expiry or termination

Without limiting TransGrid's ongoing rights under any Easements or Licences, the provisions of this clause 7 will remain in effect for a period of 24 months after the termination of this agreement but only for the purpose of enabling TransGrid to disconnect the Customer's Facilities and remove any TransGrid's Equipment or TransGrid's Property from the Land, or either party to remove any plant or equipment installed or provided by it on property belonging to the other party or to a third party.

8. INFORMATION, RECORDS AND AUDITS

- (a) Each party will provide the *connection* data specified in Part C of the Connection Agreement Data Book and any data required to be provided in accordance with the Rules.
- (b) Each party will regularly review the data provided under Part C of the Connection Agreement Data Book. If a party reasonably considers that any information provided under Part C of the Connection Agreement Data Book should be amended, that party must give notice to the other party in accordance with clause 5.2 setting out the amendment it considers to be necessary.

8.2 Information and data exchange

The parties will exchange data and information as specified in Part D of the Connection Agreement Data Book.

- (d) Each party (the "**first party**") must provide the other party with:
 - (i) a copy of the Controlled Records for which the first party is responsible;
 - (ii) a copy of the register referred to in clause 8.3(c); and

- (iii) prior to the date on which any amendment it makes to any Controlled Records for which it is responsible comes into effect, a copy of the amendment to be made together with a notice specifying the parts of the Controlled Records which are to be amended.

8.4 Right to audit

A party (the "**auditing party**") will have the right to audit any Auditable Records held by the other party (the "**non-auditing party**") provided that a party may only audit Auditable Records held by the other party twice in any twelve month period irrespective of whether the audits relate to the same Auditable Records or not.

8.5 Audit notice

The auditing party must give at least 5 Business Days' notice to the non-auditing party of its desire to carry out an audit, which notice must include the following information:

- (a) the Auditable Records which the auditing party wishes to audit;
- (b) the name of the officers, employees and/or their representatives appointed by the auditing party to conduct the audit; and
- (c) the time or times at which the auditing party would prefer the audit to commence.

8.6 Timing of audit

If the auditing party gives notice under clause 8.5 then the non-auditing party must not unreasonably withhold its consent to the time proposed in the notice given by the auditing party. If the parties are unable to agree on the timing of an audit within 5 Business Days after the auditing party giving notice under clause 8.5 then the matter will be resolved in accordance with clause 14.

8.7 Location of audit

An audit conducted under clause 8.4 will take place at the place where the Auditable Records are located or such other place as the parties agree. The non-auditing party must not unreasonably withhold its consent to any request made by the auditing party that the audit take place at a particular location.

8.8 Conduct of audit

The non-auditing party must give the auditing party or its officers, employees or representatives specified in the notice requesting an audit access to the Auditable Records which were the subject of the audit request at the location at which the relevant records are located or such other location agreed between the parties in accordance with clause 8.7 and at the time agreed between the parties or the time determined under clauses 8.6 or clause 14. The non-auditing party must give reasonable assistance to the auditing party in carrying out the audit. In carrying out an audit, the auditing party may make notes from the Auditable Records but may not make copies of them.

9. SUSPENSION OF SERVICES

9.1 Right to suspend

- (a) If the Customer does not pay any part of an invoice rendered by TransGrid on or before the day on which such invoice is due for payment under clause 3.3 or has failed to make any other payment required under this agreement on or before the date on which such payment is due then, unless the Customer has given a notice under clause 3.7(a) in respect of that amount and has otherwise complied with its obligations under clause 3.7, TransGrid, by notice to the Customer, may suspend or limit the provision of the Services to the Customer until such time as payment is made.
- (b) Subject to clause 9.1(c) and clause 10.1, TransGrid may suspend or limit the provision of the Services to the Customer if the Customer commits a Non-Financial Default and the Customer has not:
 - (i) provided to TransGrid a plan to rectify the Non-Financial Default within 10 Business Days after TransGrid notifying the Customer of the existence of the Non-Financial Default, which rectification plan must specify a reasonable date (taking into account the nature of the Non-Financial Default and the requirements of all Applicable Laws and *good electricity industry practice*) by which the Non-Financial Default will be rectified by the Customer;
 - (ii) commenced to rectify the Non-Financial Default within 10 Business Days after providing the rectification plan to TransGrid under clause 9.1(b)(i); or
 - (iii) rectified the Non-Financial Default by the date specified in the rectification plan provided to TransGrid under clause 9.1(b)(i).
- (c) Nothing in clause 9.1(b) will limit TransGrid's right (without notice to the Customer) to suspend or limit the provision of Services to the Customer if TransGrid considers that the Non-Financial Default by the Customer could cause any risk of Damages to any person or property.
- (d) Any suspension or limitation of the provision of Services under clauses 9.1(a), (b) or (c) will not affect any right TransGrid may have to terminate this agreement under clause 12.
- (e) The giving, or failure to give, by TransGrid of notice under clause 9.1(a) will not affect any right TransGrid may have to be paid interest under clause 3.10 as a result of the Customer's failure to pay any part of an invoice.

9.2 Customer required to comply

The suspension or limitation of the Services by TransGrid in accordance with clause 9.1 will not affect any obligation that the Customer has to pay TransGrid for Services notwithstanding that, as a result of the suspension or limitation, TransGrid has ceased to provide such Services to the Customer. For the purposes of determining the Charges payable in such circumstances, the Customer will be deemed to have taken an amount of power equal to the average of the amount of power taken by the Customer in the 3 calendar months preceding such suspension.

9.3 No liability

If at any time, TransGrid has the right to suspend or limit the provision of Services under clause 9.1 but has not exercised such right then, during any period when TransGrid is entitled to suspend or limit the provision of Services but continues to provide any such Services (the "**Continuation Period**"), TransGrid will have no liability to the Customer for any Damages suffered or Claims incurred in relation to:

- (a) the provision of the Services by TransGrid during the Continuation Period; or
- (b) any failure by TransGrid during the Continuation Period to comply with an obligation under this agreement relating to the provision of the Services.

10. DISCONNECTION AND DISMANTLING

10.1 Disconnection and reduction in Services

- (a) TransGrid may disconnect a Connection Point or otherwise reduce the level of Services being provided at a Connection Point during the Term:
 - (i) for the purposes of undertaking any Work in accordance with Schedule 2;
 - (ii) where, in TransGrid's opinion, action is urgently required as a result of any actual or potential Emergency;
 - (iii) as requested by the Customer;
 - (iv) upon termination of this agreement under clause 12;
 - (v) in accordance with any Directive given under Applicable Laws or this agreement; or
 - (vi) as otherwise provided or required (whether directly or indirectly) under Applicable Laws or this agreement.
- (b) If TransGrid disconnects a Connection Point or reduces the level of Services being provided at a Connection Point in accordance with clause 10.1(a) (an "**Event**"):
 - (i) TransGrid will use its reasonable endeavours to only reduce the level of Services being provided at a Connection Point to a level which TransGrid reasonably determines is necessary to enable it to manage that Event in accordance with the requirements of all Applicable Laws and in a manner and to a standard consistent with *good electricity industry practice*, provided that this obligation does not apply to an Event referred to in clause 10.1(a)(ii), 10.1(a)(iv), 10.1(a)(v) or 10.1(a)(vi);
 - (ii) after the circumstances giving rise to the Event have ceased or been rectified, TransGrid will use its reasonable endeavours to:
 - A. restore the provision of the Services at a Connection Point to the level that was being provided at that Connection Point immediately before the occurrence of the Event; or
 - B. re-establish the *connection* at that Connection Point or *energise* that Connection Point (as the case may be),

provided that this obligation does not apply to an event referred to in clause 10.1(a)(iv); and

- (iii) where TransGrid has restored the provision of the Services or re-established the *connection* under clause 10.1(b)(ii), the Customer must pay the reasonable costs of the restoration or reconnection as determined by TransGrid.
- (c) The parties acknowledge that clause 10.1(b) does not limit TransGrid's obligations under clause 5.9.6 of the Rules to reconnect in the circumstances referred to in that clause.
- (d) The disconnection of a Connection Point under clause 10.1(a) or the reduction in the level of Services being provided at a Connection Point under that clause will not affect any obligation that the Customer has to pay TransGrid for the Services (except to the extent that the disconnection or reduction in the level of Services at a Connection Point by TransGrid in accordance with clause 10.1(a) arises as a result of a wilful breach by TransGrid of its obligations under this agreement). For the purposes of determining the Charges payable in such circumstances, the Customer will be deemed to have taken an amount of power equal to the greater of:
 - (i) The amount of power actually taken by the Customer; and
 - (ii) the average of the amount of power taken by the Customer in the 3 calendar months preceding such disconnection or reduction.

10.2 Reduction in level or standard of the Services

- (a) If the Customer requires a permanent reduction in the level or standard of the Services, including a permanent disconnection of any Connection Assets from a Connection Point (the "**Altered Services**"), then TransGrid will:
 - (i) be entitled to *disconnect*, dismantle, *decommission* and remove any of the Connection Assets which are no longer required to provide the Altered Services; and
 - (ii) undertake, complete and commission all other work which TransGrid reasonably determines is necessary to allow the Transmission System to operate in accordance with *good electricity industry practice* and the other requirements of Applicable Laws following the removal of the Connection Assets referred to in clause 10.2(a)(i).
- (b) In the case referred to in clause 10.2(a), the Customer will:
 - (i) pay the portion of the Asset Stranding Charge (if any) in respect of such reduction determined in accordance with paragraph 6 of Schedule 5 and Schedule 7; and
 - (ii) reimburse TransGrid for any costs which are directly and necessarily incurred by TransGrid in undertaking the work referred to in clause 10.2(a), upon receipt from TransGrid of reasonable evidence substantiating the amount of costs incurred.

11. FORCE MAJEURE

11.1 Force Majeure Events

- (a) If either party fails to comply with or observe any provision of this agreement (other than an obligation to make a payment) and that failure is caused by an event or circumstance which is beyond the reasonable control of that party and which that party could not have prevented by the exercise of reasonable care and *good electricity industry practice* (a "**Force Majeure Event**"), that failure will not give rise to any cause of action or liability based on breach of the relevant provision of this agreement.

- (b) Without limiting clause 11.1(a), the following events will be Force Majeure Events to the extent that they satisfy the requirements of clause 11.1(a):
- (i) **Acts of God etc.:** any event or circumstance occasioned by or in consequence of any acts of God, acts of public enemy, wars, terrorism, blockades, insurrections, riots, epidemics, animals, aircraft, landslips, landslides, lightning, earthquakes, fires, storms, floods, washouts, geomagnetically induced currents, arrests, restraints of rulers and civil disturbances;
 - (ii) **Applicable Laws:** the compliance by the affected party in good faith with Applicable Laws;
 - (iii) **Directives, court orders etc.:** the binding order or Directive of any court, tribunal or Authority (other than TransGrid) by reason of any cause beyond the control of the party invoking this clause 11.1 and which does not arise from a breach of this agreement by the party invoking this clause 11.1;
 - (iv) **Breakages and accidents:** breakage or failure of and accidents to any plant, equipment or other facility owned or operated by the party invoking this clause 11.1;
 - (v) **Strikes and lockouts:** strikes, lockouts and other labour disputes other than those solely involving the employees (or employees of contractors and sub-contractors) of the party invoking this clause 11.1;
 - (vi) **Power supply failure:** a partial or entire failure of the supply or availability of electricity to the power system, a partial or entire failure of any *Generator* or *Market Network Service Provider*, other than the Customer, to inject electricity into the national grid, or a partial or entire failure of any other person to take electricity;
 - (vii) **Failure of supplier:** a failure by a supplier (being a party with whom the affected party contracts from time to time) of goods and services to provide such goods or services by reason of any event, circumstance, act or omission, or combination of them, which is beyond the reasonable control of that supplier;
 - (viii) **Delay of supplier:** a delay by a supplier (being a party with whom the affected party contracts from time to time) of goods and services to provide those goods or services, where that supplier is entitled under the terms of its contract with the affected party to claim an extension of time for the provision of those goods or services; and
 - (ix) **Acts of third parties:** acts or omissions by a third party beyond the control of the party invoking this clause 11.1 and its Associates, including an Authority (other than TransGrid) and any Other TransGrid Customer. An act or omission by the Dedicated Assets Provider will be deemed not to be beyond the control of TransGrid.

11.2 Notice

If a party becomes aware of the existence of, or a serious prospect of, a forthcoming Force Majeure Event, it will notify the other party as soon as reasonably practicable of the particulars of which it is aware. If a party invokes clause 11.1, it will notify the other party as soon as reasonably practicable of full particulars of the Force Majeure Event relied upon.

11.3 Avoidance and mitigation

The party invoking clause 11.1 must:

- (a) use all reasonable endeavours to overcome or avoid the Force Majeure Event;

- (b) use all reasonable endeavours to mitigate the effects or consequences of the Force Majeure Event; and
- (c) consult with the other party on the performance of the obligations referred to in clauses 11.3(a) and 11.3(b).

However, nothing in this clause 11.3 will be construed as requiring the party invoking clause 11.1 to settle a strike, lock-out or other industrial disturbance by acceding against its judgement to the demands of opposing parties.

11.4 Termination on account of Force Majeure Event

- (a) Subject to clause 11.4(c), if the Force Majeure Event or its direct effect or consequence on the operations of either party is of such magnitude or the parties agree at any certain point in time while the Force Majeure Event persists that it will be (or that it is more probable than not that it will be) of such duration, that after a period of not less than 12 consecutive months from the date of the commencement of the Force Majeure Event, it is unreasonable in all the circumstances for either party to perform, comply with or observe this agreement, that party may, by serving no less than 10 Business Days' prior notice, terminate this agreement.
- (b) Without limiting clause 11.4(a), if a Force Majeure Event has the effect of reducing the Capacity of TransGrid's *transmission network* to deliver power at any Connection Point for a period of more than 6 consecutive months from the date of the commencement of that Force Majeure Event, the Customer may, by serving no less than 10 Business Days' prior notice, terminate this agreement.
- (c) Clause 11.4(a) will not apply to a Force Majeure Event which prevents or limits either party from performing any obligation under this agreement if the Customer:
 - (i) notifies TransGrid that it does not want this agreement to terminate as a result of that Force Majeure Event; and
 - (ii) continues to pay the Charges and (where relevant) complies with its other obligations under this agreement.

12. TERM OF AGREEMENT

12.1 Term

Subject to clause 1.5(b), this agreement commences on the Commencement Date and will continue until the Expiry Date unless terminated earlier in accordance with clause 11.4 or this clause 12 (the "Term").

12.2 Default

If either party (referred to in this clause 12 as the "**defaulting party**") commits:

 - (i) arose prior to the time at which such termination or expiration occurred; and
 - (ii) otherwise relate to, or may arise at any future time from, any breach or non-observance of obligations under this agreement occurring prior to the termination or expiration; or

 - (i) be entitled to *disconnect*, dismantle, *decommission* and remove any of the Connection Assets; and

- (c) If this agreement is terminated before the Expiry Date (other than where TransGrid is the defaulting party) the Customer must pay the Asset Stranding Charge to TransGrid in accordance with Schedule 5.
- (d) For the avoidance of doubt, if the Customer's obligation to pay the Asset Stranding Charge under clause 12.10(c) is unenforceable for any reason (including because the Asset Stranding Charge is deemed to be a penalty), TransGrid may claim general damages against the Customer for termination of the agreement, up to a maximum of the Asset Stranding Charge which would have been payable under clause 12.10(c) had that clause been enforceable.

- (c) The Customer must not be the subject of any Change of Control without the prior written consent of TransGrid, such consent not to be unreasonably withheld, delayed or given subject to unreasonable conditions, provided that:
 - (i) TransGrid is reasonably satisfied that the Change of Control will not diminish, fetter, limit or otherwise restrict the ability of the Customer to fulfil its obligations under this agreement; or
 - (ii) if TransGrid is not so satisfied, the Customer provides Credit Support that complies with Schedule 1 and Schedule 1 applies to the Credit Support so provided.

18.10 Transfer at expiry or early termination of Transmission Network Lease

- (a) On written notice to the other parties, TransGrid may on and from the expiry or early termination of the lease between MHC as lessor and NSW Electricity Networks Assets Pty Limited as trustee of the NSW Electricity Network Assets Trust as lessee dated 16 December 2015 assign, novate or transfer all of its rights and obligations under this agreement to MHC (or its nominee) without the other parties' consent.
- (b) Such assignment, novation or transfer will be effected by written notice from TransGrid to each other party, irrespective of whether the parties execute an assignment or novation deed.

19. MISCELLANEOUS

19.1 Governing law

This agreement is governed by and will be construed according to the laws of New South Wales.

19.2 Jurisdiction

- (a) Each party irrevocably submits to the non-exclusive jurisdiction of the courts located in New South Wales, and the courts competent to determine appeals from those courts, with respect to any proceedings which may be brought at any time relating in any way to this agreement.

- (b) Each party irrevocably waives any objection it may now or in the future have to the venue of any proceedings, and any Claims it may now or in the future have that any proceedings have been brought in an inconvenient forum, where that venue falls within clause 19.2(a).

19.3 Amendments

This agreement may only be varied by a document signed by or on behalf of each of the parties.

19.4 Waiver

- (a) Failure to exercise or enforce or delay in exercising or enforcing or the partial exercise or enforcement of any right, power or remedy provided by law or under this agreement by any party will not in any way preclude, or operate as a waiver of, any exercise or enforcement, or further exercise or enforcement of that or any other right, power or remedy provided by law or under this agreement.
- (b) Any waiver or consent given by any party under this agreement will only be effective and binding on that party if it is given or confirmed in writing by that party.
- (c) No waiver of a breach of any term of this agreement will operate as a waiver of another breach of that term or of a breach of any other term of this agreement.

19.5 Further acts

Each party will promptly do and perform all reasonable further acts and execute and deliver all further documents (in form and content reasonably satisfactory to that party) required by law or reasonably requested by any other party to give effect to this agreement.

19.6 Counterparts

- (a) This agreement may be executed in any number of counterparts and by the parties on separate counterparts. Each counterpart constitutes an original of this agreement, all of which together constitute one agreement.
- (b) A party who has executed a counterpart of this agreement may exchange that counterpart with another party by faxing the counterpart executed by it to that other party and, upon request by that other party, will thereafter promptly deliver by hand or post to that other party the executed counterpart so exchanged by fax, but delay or failure by that party to so deliver a counterpart of this agreement executed by it will not affect the validity of this agreement.

19.7 No representation or reliance

- (a) Each party acknowledges that the other party (or any person acting on its behalf) has not made any representation or other inducement to it to enter into this agreement, except for inducements expressly set out in this agreement.
- (b) Each party acknowledges and confirms that it does not enter into this agreement in reliance on any representation or other inducement by or on behalf of the other party, except for any inducement expressly set out in this agreement.

19.8 Inconsistency between agreement and Rules

- (a) If any terms of this agreement are inconsistent with any obligation imposed or right conferred on a *Registered Participant* by Chapter 5 of the Rules and the application of the conflicting terms of this agreement would adversely affect the quality or security of *network service* to other *Network Users*, the provisions of Chapter 5 of the Rules will prevail over the terms of this agreement to the extent of the inconsistency.
- (b) The Customer must comply with the Rules as if it was registered as a *Customer* in relation to the Customer's Facilities.
- (c) If this agreement imposes an obligation on a party and compliance by that party with that obligation would cause that party to breach the Rules then the party need not comply with that obligation to the extent necessary to avoid breaching the Rules.
- (d) The following order of precedence applies in the event of any ambiguity, discrepancy or inconsistency between Applicable Laws, this agreement, the Project Agreement, the Network Operating Agreement and other agreements relating to the Connection Work and Connection Services between the parties:
 - (i) Applicable Laws, including the Rules;
 - (ii) this agreement;
 - (iii) Project Agreement;
 - (iv) Network Operating Agreement; and
 - (v) other agreements relating to the Connection Work and Connection Services between the parties.

19.9 Acknowledgement of Rules obligations

The parties acknowledge that, notwithstanding clause 19.8, the Rules include a number of obligations which relate to this agreement and that, except as otherwise expressly provided for, this agreement is not intended to affect such Rules obligations.

19.10 Acknowledgement of System Operator function

The Customer acknowledges that TransGrid is currently a *System Operator* and may at some time in the future be a *System Operator* or a service provider to AEMO appointed under clause 4.3.3 of the Rules (a "**service provider**"). The Customer agrees that, notwithstanding any other term of this agreement, no action taken by TransGrid, or any failure by TransGrid to act, in its capacity as a *System Operator* or a service provider will represent a breach of this agreement or a failure to provide any service to the Customer under this agreement.

19.11 Indemnities

Each indemnity in this agreement is a continuing obligation, separate and independent from the other obligations of the parties, and survives termination, completion or expiration of this agreement. It is not necessary for a party to incur expense or make any payment before enforcing a right of indemnity conferred by this agreement.

19.12 Entire agreement

To the extent permitted by law, this agreement embodies the entire understanding of the parties and constitutes the entire terms agreed upon between the parties, and supersedes any prior agreement (whether or not in writing) between the parties, in relation to the subject matter of this agreement.

19.13 Publicity

A party may not make press or other announcements or releases relating to this agreement and the transactions the subject of this agreement without the approval of the other party to the form and manner of the announcement or release unless that announcement or release is required to be made by law or by a recognised stock exchange.

20. PERSONAL PROPERTY SECURITIES ACT

If a party determines that this agreement (or any transfer or transaction in connection with it) is or contains a security interest for the purposes of the *Personal Property Securities Act 2009* (Cth) (the "PPSA") (or any similar legislation) (a "**Security Interest**"), each party agrees to do all things (such as obtaining consents, signing and producing documents, getting documents completed and signed and supplying information) necessary for the purposes of:

- (a) ensuring that the Security Interest is enforceable, perfected and otherwise effective;
- (b) enabling the party benefitted by the Security Interest (a "**Benefitted Party**") to apply for any registration, or give any notification, in connection with the Security Interest so that the Security Interest has the priority required by the Benefitted Party; or
- (c) enabling the Benefitted Party to exercise rights in connection with the Security Interest,

in each case at the Benefitted Party's cost and for the purpose of the PPSA.

21. INTELLECTUAL PROPERTY RIGHTS

21.1 Agreement grants no interest

Unless the parties otherwise agree in writing, the Customer acknowledges that nothing in this Agreement grants it any Intellectual Property Rights in any material owned or controlled by TransGrid and that all Intellectual Property Rights in any material developed or used by TransGrid to perform the Services will remain in the ownership of TransGrid.

21.2 Licence from the Customer

In consideration of TransGrid performing the Services the Customer grants a non-exclusive royalty free licence to TransGrid and its Associates to use any Intellectual Property Rights in any material provided by it to TransGrid which is used to perform the Services for the purpose of providing the Services in accordance with this agreement.

21.3 Indemnity from the Customer

The Customer indemnifies and saves harmless TransGrid and its Associates from any Damages suffered or Claims incurred by TransGrid and its Associates arising from or in connection with any actual or alleged infringement by TransGrid and its Associates of Intellectual Property Rights of a third party, where, pursuant to this Agreement, such Intellectual Property Rights have been furnished or licensed to TransGrid by the Customer.

21.4 Customer to co-operate

The Customer will render all reasonable assistance to and will co-operate with TransGrid for the purposes of defending or otherwise in connection with any Claims which are brought against TransGrid and its Associates in respect of any such actual or alleged infringement. TransGrid will notify the Customer as soon as practicably possible after the date on which any such Claims become known to TransGrid.

22.1 Limitation of liability

Despite any other provision of this agreement:

- (a) the Trustee enters into this agreement in its capacity as trustee of the Trust and in no other capacity;
- (b) subject to clause 22.1(d), the recourse of the Customer or any other person to the Trustee in respect of any of the Trustee's obligations and liabilities under or in connection with this agreement is limited to the amount the Trustee actually receives in the exercise of its right of indemnity from the assets of the Trust;
- (c) subject to clause 22.1(d), if the Trustee does not receive all or any part of the money owing to it in connection with the Trustee not complying with any obligation or not paying any liability under or in connection with this agreement because the Trustee cannot obtain that money under the indemnity referred to in clause 22.1(b), the Customer cannot bring proceedings against the Trustee in its personal capacity to recover that money; and
- (d) clauses 22.1(b) and 22.1(c) do not apply to any obligation or liability of the Trustee under or in connection with this agreement to the extent that it is not complied with or paid because the Trustee's right to be indemnified from the Trust assets is reduced because of the Trustee's own fraud or breach of trust.

22.2 Contribution to liability

An act or omission of the Trustee (including acts and omission that result in the Trustee not complying with any obligation or not paying any liability under or in connection with this agreement does not constitute fraud or breach of trust by the Trustee for the purposes of this clause 22 to the extent to which that act or omission was caused or contributed to by any act or omission of the Customer.

Schedule 1 – Financial capacity

1. ACCEPTABLE CREDIT RATING

- (a) For the purposes of this Schedule 1, an entity will have an **"Acceptable Credit Rating"** if at all times it holds a long term issuer credit rating of at least A- in respect of unsecured obligations of the entity, as rated by Standard & Poor's (Australia) Pty Limited (**"Standard & Poor's"**) or its equivalent by other rating agencies as may be agreed by TransGrid acting reasonably.
- (b) If, in TransGrid's reasonable opinion, the methods by which Standard & Poor's or the relevant rating agency determine credit ratings materially change or that organisation no longer determines credit ratings then TransGrid may, from time to time, in its discretion determine a credit rating for the relevant entity for the purposes of this Schedule 1.

2. CREDIT SUPPORT

If at any time during the Term the Customer ceases to be an entity that is wholly owned and controlled by the State of New South Wales (the **"relevant date"**), the Customer must, to the extent required under paragraph 7 of this Schedule 1 and as from the relevant date, procure credit support which:

- (a) is issued by a bank or financial institution approved by TransGrid (acting reasonably) which is an Approved Deposit-taking Institution supervised by the Australia Prudential Regulatory Authority (**"APRA"**) and carries an Acceptable Credit Rating;
- (b) is issued from a branch located in Australia by the entity described under paragraph 2(a) of this Schedule 1;
- (c) is in the form of an unconditional and irrevocable bank guarantee reasonably acceptable to TransGrid;
- (d) is duly executed by the credit support provider and delivered unconditionally to TransGrid;
- (e) constitutes a valid and binding unsubordinated obligation of the credit support provider to make payment to TransGrid; and
- (f) permits drawings or claims by TransGrid to an amount which is not less than the amount set out in paragraph 3 of this Schedule 1,

(the **"Credit Support"**).

3. AMOUNT OF CREDIT SUPPORT

If the Customer has been required to procure the Credit Support, the Customer must ensure that at all times the aggregate undrawn or unclaimed amount of Credit Support is not less than the amount determined in accordance with paragraph 7 of this Schedule 1 from time to time (the **"Guaranteed Amount"**).

4. CHANGES TO CREDIT SUPPORT

Before any Credit Support ceases to be current or valid, the Customer must procure replacement Credit Support at least 20 Business Days before it expires so as to comply with its obligation to maintain aggregate undrawn current and valid Credit Support for the then current Guaranteed Amount.

5. DRAWINGS ON CREDIT SUPPORT

- (a) TransGrid may draw or claim upon the Credit Support where the Customer has failed to:
 - (i) pay any amount to TransGrid under this agreement on the due date for payment (except for any amounts in respect of which it has given notice pursuant to clause 3.7 of this agreement and has otherwise complied with its obligations under clause 3.7 of this agreement in respect of those amounts);
 - (ii) comply with paragraph 3 of this Schedule 1; or
 - (iii) provide replacement Credit Support when required in accordance with paragraph 4 of this Schedule 1.
- (b) Where TransGrid draws or claims upon any Credit Support, the Customer must procure the immediate issue of further Credit Support in the amount drawn or claimed so as to comply with its obligation to maintain aggregate undrawn current and valid Credit Support for the then current Guaranteed Amount.
- (c) The provisions of this paragraph 5 of this Schedule 1 will survive the termination of this agreement.

6. CHANGES IN AMOUNT OF CREDIT SUPPORT

- (a) TransGrid agrees to reduce the amount of the Credit Support if TransGrid is satisfied that the amount of that Credit Support exceeds the Guaranteed Amount at that time.
- (b) If at any time, the amount of the Credit Support held by TransGrid is less than the Guaranteed Amount, TransGrid may request the Customer to provide additional Credit Support for the amount of that shortfall.
- (c) The Customer must provide any additional Credit Support requested within 10 Business Days after TransGrid's request (which additional Credit Support must satisfy the other requirements of this Schedule 1).

7. GUARANTEED AMOUNT

The Guaranteed Amount for each (remaining) Contract Year in which Credit Support is required, will be notified by TransGrid in its reasonable determination as soon as possible after Credit Support first becomes required in accordance with paragraph 2 of this Schedule 1.

Schedule 2 – Co-ordination of Outage Plan and maintenance activities

1. DEFINITIONS

For the purpose of this Schedule 2:

"**Firm Date**" means the date specified in the Outage Plan (or such other date as agreed between the parties) after which a Scheduled Outage cannot be changed.

"**Planned Work**" means any Work in relation to:

- (a) the Transmission System, in the case of TransGrid, which is required to be undertaken by TransGrid in relation to a Scheduled Outage by TransGrid, and is not Unplanned Work; or
- (b) the Customer's Facilities, in the case of the Customer, which is required to be undertaken by the Customer in relation to a Scheduled Outage by the Customer and is not Unplanned Work.

"**Scheduled Outage**" means any full or partial unavailability of the Transmission System or the Customer's Facilities due to anticipated service and maintenance requirements which:

- (a) is likely to reduce the Agreed Capability at a Connection Point;
- (b) could reasonably be expected to have an effect on the normal operation of the Transmission System or the Customer's Facilities;
- (c) could reasonably be expected to have a material adverse effect on *power system security*;
- (d) could reasonably be expected to have a material adverse effect on power quality on the *power system*; or
- (e) will involve the full or partial unavailability of a *transmission line* directly connected to a Connection Point.

"**Unplanned Work**" means any Work in relation to:

- (a) the Transmission System, in the case of TransGrid, which TransGrid considers should be undertaken in order to prevent or deal with an Emergency or as a result of an Emergency; or
- (b) the Customer's Facilities, in the case of the Customer, which the Customer considers should be undertaken in order to prevent or deal with an Emergency or as a result of an Emergency.

2. DEVELOPMENT OF A CO-ORDINATED OUTAGE PLAN

TransGrid and the Customer will maintain and regularly review a plan setting out their respective Scheduled Outages (an "**Outage Plan**") with the objective of co-ordinating Scheduled Outages for a planning period determined in advance.

The Outage Plan will contain at least the following details:

- (a) a list of proposed Scheduled Outages and the date or dates on which each proposed Scheduled Outage is due to occur;
- (b) where applicable, the Firm Date for the Scheduled Outage;

- (c) the items of plant and equipment that will be out of service or will be partially unavailable during the Scheduled Outage;
- (d) the nature of the service and Work required on the equipment during the Scheduled Outage; and
- (e) the expected total period of time during which equipment taken out of service is expected to be unavailable during the Scheduled Outage.

3. REVIEW OF OUTAGE PLAN

TransGrid and the Customer will regularly review the Outage Plan and will use their reasonable endeavours to ensure that any changes to the Outage Plan are notified to the other party.

4. RESPONSE TO OUTAGE PLAN

Either party (the "**requesting party**") may notify the other (the "**notified party**") that it wishes the notified party to reconsider the date on which a Scheduled Outage is scheduled to occur provided that the date of the request is prior to the Firm Date specified in the plan for that Scheduled Outage.

The requesting party will include details of:

- (a) its reasons for wanting the dates on which the Scheduled Outage is intended to occur to be revised; and
- (b) its preferred time for the Scheduled Outage.

5. CONSULTATION

Each party agrees to consult with the other following the notification referred to in paragraph 4, in relation to any variation to the Outage Plan. The parties acknowledge that each of them may need to consult with and take account of the views of other parties in relation to when a Scheduled Outage is to occur.

During the consultation process, the notified party will (acting reasonably and in good faith) consider a request from the requesting party to vary the Outage Plan having regard to, without limitation:

- (a) the costs to the notified party of varying the timing of a Scheduled Outage;
- (b) the costs to other affected parties of varying the timing of a Scheduled Outage;
- (c) any requests from other affected parties of the notified party to vary a Scheduled Outage; and
- (d) the difficulties involved in co-ordinating a variation to the Scheduled Outage.

6. NOTICE OF AMENDED OUTAGE

- (a) The notified party will, as soon as practicable after receipt of the requesting parties notice and completion of consultation in accordance with paragraph 5, advise the requesting party of its decision in relation to the request made under paragraph 4 to vary the Scheduled Outage, and where appropriate specify the terms, including any compensation, under which the variation will be made.
- (b) The notified party will not be required to vary the date on which a Scheduled Outage is due to occur unless the requesting party agrees to the meet the specified terms.

- (c) Where the parties reach agreement on varying the date on which a Scheduled Outage is due to occur, the notified party will revise the Outage Plan to reflect the varied date on which the Schedules Outage is to occur.

7. PUBLICATION OF OUTAGE PLAN

Either party may publish the Outage Plan, but must not publish any information that the party reasonably considers to be confidential.

8. NO EFFECT ON RIGHTS

- (a) The parties agree that the existence of the Outage Plan or the inclusion of any Scheduled Outage in the Outage Plan will not affect any right that either of them has under this agreement to take equipment out of service or reduce the Agreed Capability at a Connection Point.
- (b) Without limiting paragraph 8(a), nothing in this Schedule 2 or this agreement will prevent a party immediately carrying out any Unplanned Work in relation to:
 - (i) the Transmission System, in the case of TransGrid; or
 - (ii) the Customer's Facilities, in the case of the Customer.
- (c) The party needing to undertake any Unplanned Work must notify the other party as soon as possible after it becomes aware of the need to undertake that Unplanned Work.

9. UNDERTAKING OF WORK

Each party will, in carrying out any Planned Work or Unplanned Work:

- (a) diligently carry out that Work and ensure that it is completed in a timely manner; and
- (b) not unreasonably delay or restrict the other party from performing Work which is necessary for that party to perform in order to comply with the requirements of Applicable Laws and *good electricity industry practice*.

- (a) TransGrid has the right to maintain the Transmission System (including the Assets) and undertake other Work in relation to its Transmission System in accordance with:
 - (i) TransGrid's own maintenance policies and procedures (subject to those policies and procedures complying with *good electricity industry practice*); and
 - (ii) the requirements of this Schedule 2;
- (b) an *outage* of a part of the Transmission System for the purposes of undertaking any Work may:
 - (i) reduce the power transfer capability of TransGrid's transmission network;
 - (ii) reduce the Capacity of TransGrid's *transmission network* available for use by the Customer at that time; and/or

- (iii) otherwise interrupt or limit the provision of some or all of the Services by TransGrid to the Customer; and
- (c) TransGrid may disconnect the Customer's Facilities from the Transmission System, or interrupt or limit the provision of any Services in relation to the Customer's Facilities, an Interface Point or a Connection Point (including by limiting the transfer of electricity to or from the Customer's Facilities via a Connection Point to or from TransGrid's *transmission network*) for the purposes of undertaking any Work, but only in accordance with the requirements set out in this Schedule 2.

11. INSPECTION AND TESTING UNDER THE RULES

- (a) Each party will comply with:
 - (i) the provisions of clause 5.7 and 5.8 of the Rules; and
 - (ii) the procedures applicable pursuant to this Schedule 2,

in relation to the inspection and testing of the Customer's Facilities and the Transmission System (whichever is applicable in the circumstances) during the Term.
- (b) TransGrid acting reasonably may require the Customer to conduct (at the Customer's cost) tests to demonstrate that the Customer's Facilities comply with the Customer's Technical Obligations and the other requirements of this agreement and the Rules. TransGrid may witness such tests.
- (c) The Customer acknowledges that TransGrid will need to conduct tests from time to time in relation to the Transmission System and that these tests may result in the interruption to or limitation of Services to the Customer.
- (d) The Customer will:
 - (i) provide all assistance reasonably requested by TransGrid in relation to the conduct of these tests; and
 - (ii) not be entitled to make any Claims against TransGrid in relation to the conduct of these tests and any associated interruption to or limitation of Services to the Customer except to the extent that a Claim arises out of or in connection with:
 - A. a breach of this agreement by; or
 - B. a negligent act or omission by,

TransGrid and its Associates.
- (e) The Customer grants to TransGrid and its Associates the right to inspect those parts of the Customer's Facilities necessary to enable TransGrid to give effect to the requirements of this Schedule 2 at any time during the Term.
- (f) TransGrid will, in performing the tests under this Schedule 2, use reasonable endeavours to minimise the extent of any disruption to the provision of the Services and the operation of the Customer's Facilities.

Schedule 3 – Metering

1. PROVISION OF METERING INPUTS

- (a) TransGrid will provide inputs from metering class current *transformers* and voltage *transformers* and cable these inputs to an interface point within the TransGrid control room at that location, for each Connection Point except where the Customer elects to use alternate metering arrangements that do not require the use of TransGrid metering class current transformers or voltage transformers.
- (b) The Customer will engage the *Metering Coordinator* and *Metering Provider* for the Metering Installation at each Connection Point and ensure that the Metering Installation meets all the requirements of the Rules.
- (c) The Customer will be the *Financially Responsible Market Participant* for each Connection Point unless the station energy output is contracted to a *Registered Retailer* in which case that *Registered Retailer* will become the *Financially Responsible Market Participant*.
- (d) Details and ownership of the Metering Installation will be documented in Part B of the Connection Agreement Data Book.
- (e) The Customer will use *Meter Data Agents* registered with AEMO and will provide to TransGrid the metering data reasonably required by TransGrid for the purpose of the operational planning of the *power system* or for the billing and charging of Services.

2. PROVISION OF METERING SERVICES

If TransGrid is engaged as the *Metering Coordinator* and/or the *Metering Provider* for a Metering Installation, then:

- (a) the charges payable by the Customer to TransGrid for the provision of those services in relation to that Metering Installation; and
- (b) the other terms and conditions applying to the provision of those services in relation to that Metering Installation,

will be set out in a separate agreement between the Customer and TransGrid.

3. AMENDMENTS

If changes to Applicable Laws with respect to metering necessitate changes to the terms of this Schedule 3, then the parties must meet and negotiate in good faith new terms of this Schedule 3 to take account of the change and so as to return the parties to their respective commercial positions prior to that change. If the parties are unable to agree on the terms within 28 days after commencing negotiations, the matter will be resolved in accordance with clause 14 of this agreement and the Expert must take into account (amongst other things) the factors in clause 17.3(b) of this agreement.

Schedule 4 – Nominated harmonics and voltage fluctuation levels and limits

1. HARMONICS

- (a) The Customer must ensure that the effective level of harmonic voltage distortion at each Interface Point originating from within the Customer's Facilities is less than the level determined by TransGrid in accordance with clause S5.1.6(b) of the Rules.
- (b) If TransGrid reasonably determines in respect of any Interface Point that:
- (i) the effective level of harmonic voltage distortion at an Interface Point originating from within the Customer's Facilities exceeds the level determined by TransGrid for that Interface Point under clause S5.1.6(a) of the Rules; and
 - (ii) that deficiency results in the system standards not being met or TransGrid being unable to connect any other network user,
- then, subject to paragraph 1(c) of this Schedule 4, the Customer must make an election in accordance with paragraph 3 of this Schedule 4 to either:
- (iii) ensure the effective level of harmonic voltage distortion is less than level determined by TransGrid for that Interface Point under clause S5.1.6(a) of the Rules; or

- (b) If TransGrid reasonably determines in respect of any Interface Point that the level of variation in the load taken by the Customer:
- (i) is above the level determined by TransGrid for that Interface Point under clause S5.1.5(a) of the Rules; and
 - (ii) results in the system standards not being met or TransGrid being unable to connect any other network user,
- then, subject to paragraph 2(c) of this Schedule 4, the Customer must make an election in accordance with paragraph 3 of this Schedule 4 to either:
- (iii) limit the level of variation in the load taken by the Customer to the level determined by TransGrid for that Interface Point under clause S5.1.5(a) of the Rules; or

- (iv) fund the reasonable cost of the works necessary to mitigate the effect of connecting at a standard below the level determined by TransGrid for that Interface Point under clause S5.1.5(a) of the Rules.
- (c) The Customer may only elect to fund mitigatory works under paragraph 2(b)(iv) of this Schedule 4 if TransGrid reasonably determines that it is practicable for mitigatory works to be constructed.

3. ELECTION

- (a) If the Customer must make an election in accordance with paragraph 1(b) or paragraph 2(b) of this Schedule 4, the Customer must within 10 Business Days after being notified by TransGrid of the need to make such election notify TransGrid, that it wishes to either:
 - (i) ensure that it complies with the level of performance determined by TransGrid under either clause S5.1.5(a) or clause S5.1.6(a) of the Rules, as the case may be; or
 - (ii) fund the reasonable cost of the works necessary to mitigate the effect of connecting at a standard below the level determined by TransGrid for that Interface Point under either clause S5.1.5(a) or clause S5.1.6(a) of the Rules, as the case may be.

 - (iv) conduct further tests or monitoring on completion of the remedial work as reasonable required by TransGrid to confirm that it complies with the level of performance determined by TransGrid for an Interface Point under either clause S5.1.5(a) or clause S5.1.6(a) of the Rules, as the case may be.
- (c) If the Customer elects under paragraph 3(a)(ii) of this Schedule 4 to fund the reasonable cost of the works:
 - (i) TransGrid must provide the Customer within 30 Business Days with an estimate of the reasonable cost of such works; and

$$Yr1AnnConFee = \text{[REDACTED]}$$

$$Yr1AnnConFee = \text{[REDACTED]}$$

$$Yr1Annuity = \text{[REDACTED]} \frac{CPI (new)}{CPI (original)}$$

CPI (new) = the most recently published Quarterly CPI prior to the commencement of Contract Year 1; and

CPI (original) = the most recently published Quarterly CPI for the Quarter immediately prior to the Commencement Date,

provided that if the *Yr1Annuity* (determined in accordance with the above formula in this paragraph) is less than [REDACTED] *Yr1Annuity* will remain as [REDACTED]

4.3 Not used

4.4 The Year 1 Monthly Instalment

The Year 1 Monthly Instalment will be calculated as follows:

$$Yr1 Monthly Instal =$$

For those months where the Year 1 Annual Connection Fee is not finalised by TransGrid in accordance with the process outlined in paragraph 4.2 of this Schedule 5, the Customer will be required to pay interim monthly instalments for Year 1 (the "**Interim Monthly Instalments**").

4.5 The Year 1 Interim Monthly Instalment

The Year 1 Interim Monthly Instalment will be calculated as follows:

$$Yr1 Interim Monthly Instal =$$

4.6 The Year 1 Adjustment

Once the Year 1 Annual Connection Fee is finalised by TransGrid in accordance with the process outlined in paragraph 4.2 of this Schedule 5, an adjustment (the "**Year 1 Adjustment**") will be calculated for those applicable prior months where Year 1 Interim Monthly Instalments had been invoiced (*No. Appl Prior Mths*).

The Year 1 Adjustment will be calculated as follows:

$$Yr1 Adjust = (Yr1 Monthly Instal - Yr1 Interim Monthly Instal) \times No. Appl Prior Mths$$

The Year 1 Adjustment amount will be increased by an amount for interest. This interest amount will be calculated by multiplying the calculated Year 1 Adjustment by the interest rate TransGrid applies to connection agreements generally for the period from the Payment Commencement Date to the payment due date for the Year 1 Adjustment.

The first Year 1 Monthly Instalment plus the Year 1 Adjustment (increased by the amount of interest determined above) will be invoiced in the first Billing Period that follows the finalisation of the calculation of the Year 1 Annual Connection Fee by TransGrid in accordance with the process outlined in paragraph 4.2 of this Schedule 5. The Year 1 Monthly Instalment will then be invoiced for each remaining Billing Period in Year 1.

4.7 Annual Adjustment to Annual Connection Fee

The Annual Connection Fee for each Contract Year after Contract Year 1 (i.e. Contract Year t) will be determined in accordance with the following formula:

$$AnConFee_t =$$

where:

$$AnConFee_t =$$

$$AnConFee_{t-1}$$

CPI (new) = the most recently published Quarterly CPI prior to the commencement of Contract Year t; and

CPI (original) = the CPI for the Quarter that occurred 12 months prior to the Quarter which is the subject of *CPI (new)*,

provided that if the Annual Connection Fee for Contract Year t (determined in accordance with the above formula in this paragraph) is less than the Annual Connection Fee for the previous Contract Year, the Annual Connection Fee for Contract Year t will remain the same as the Annual Connection Fee for the previous Contract Year.

- (iii) recover from the Customer in accordance with paragraph 7 of this Schedule 5, any Pass Through Amount which is not otherwise being recovered as a result of the operation of paragraphs 5(a)(i) or 5(a)(ii) of this Schedule 5 (unless TransGrid is prohibited by the requirements of the Pricing Rules applying at that time from recovering that Pass Through Amount from the Customer).
