

STATISTICAL COMPENDIUM
TO
1971 CENSUS OF PRISONERS N.S.W.

Publication No. 5 of the Research and Statistics Division, N.S.W. Department of Corrective Services.

Senior Research Officer: M.S. Dewdney (M.A.: Dip. Soc. Stud.; Dip. Crim. Melb.)

INTRODUCTION

This publication comprises detailed tables which are summarized and analyzed in Publication No. 4: Census of Prisoners in N.S.W. 30 June, 1971.

It is divided into two sections:

1. Appendix A which provides detailed information on current offence episode, personal data, education, occupation and two way tables on offence and other variables. Twenty-five tables are presented, of which the first fourteen analyze each variable by the establishment at which the prisoner was located on the day of the census.
2. Appendix B which reproduces data prepared by R.D. Francis and A.J. Cassell, School of Behavioural Science, Macquarie University, on the birthplace of offenders related to all other variables analyzed in the census. Twenty-two tables are presented.
