Dear Attorney General, Michael

I write in relation to Corrective Services NSW response to the *State Coroner's Annual Deaths in Custody/Police Operations Report 2023*. I understand the Report will be tabled in Parliament today. It appears there has been a miscommunication between Corrective Services NSW and my ministerial office resulting in my response and the progress report, dated 14 December 2023, not being received by your office or the NSW State Coroner.

I have attached the omitted material for your consideration and discussion with the State Coroner's Office. I would be grateful if you could explore what options may be available to include the updated information from CSNSW for inclusion or attachment to the Annual Report.

Sincerely,

22-5-24
