# **1 Executive Summary**

This is the second annual report in relation to the NSW Government Legal Services Panel **(NSWLSP)**. The NSWLSP was originally established in 2016, and then replaced by the current panel in 2021. The current NSWLSP was established following a thorough, competitive, procurement process on 1 July 2021.

The NSWLSP is made up of 53 small, medium and large panel firms across 30 distinct areas of specialty. The NSWLSP was used by 180 agencies in FY22/23, increased from 150 agencies in FY21/22.

The NSWLSP provides value for those agencies and contributes toward the NSW Government's targets for savings in external legal spend through:

- 1. **Improved legal panel rate savings –** These were competitively sourced in 2021, and are only increased every three years by reference to changes in CPI. These are significantly better than market rates.
- 2. Volume discount savings Where firms exceed thresholds for legal spend that are cumulative across the life of the panel they are required to apply volume discounts to their fees.
- Value-added services Firms are required to provide value added services, including advice hot-desks, updates, training, precedent documents, use of research facilities, implementation of technological improvements and industry-wide productivity gains.
- 4. Streamlining of legal procurement

These benefits were evident from the increased number agencies using the panel. This increased usage corresponded with an increase in overall billings under the NSWLSP, which does not reflect savings achieved by individual agencies through use of the NSWLSP.

Individual agencies are responsible for their legal expenditure, and for achieving savings targets and value for money through use of the NSWLSP. Finally, the billings reported in this Annual Report are based on data sourced from panel firms, and may not correspond to the expenditure reported by agencies due to timing issues and accounting practices.

In addition to achieving value for money and savings, the NSWLSP seeks to improve social outcomes within NSW by an increased focus on these issues through reporting. Panel firms are expected to comply with NSW Government Policies and demonstrate their commitment by reporting on the following social outcome policies:

- Small & Medium Enterprises and Regional Procurement
- Sustainability
- Australian Disability Enterprises
- Aboriginal Procurement; and
- Equitable Briefings

Panel law firms are also required to report on pro bono initiatives. It is pleasing to note the improvements in these areas outlined in this annual report.

On behalf of the General Counsel Group, I am pleased to report on the continued success of the NSWLSP in helping NSW Government agencies deliver outcomes for the people of NSW

David Britton Chief Legal Officer, Transport for NSW and Executive Contract Manager, NSWLSP, Transport for NSW

## **Pro bono services**

Pro Bono, which translates to 'for the public good', means the provision of legal services on a free or significantly reduced fee basis to members of our community who would not otherwise be able to access justice. Panel law firms are required to report each year on how they are performing against the National Pro Bono Target of at least 35 hours per lawyer.

The provision of pro bono services by Panel members is an important focus for the General Counsel Group.

During the year, Panel firms provided an average of 36.78 hours of pro bono services per lawyer, equating to 540,648 hours of pro bono services. This data compares favourably to the previous Panel data and represents, an increase of 1.93 hours over last year's average of 34.85 hours of pro bono services per lawyer.

## **Equitable Briefing of Women Barristers**

The Attorney General and Government are committed to supporting the progression and retention of women barristers who are engaged by agencies and across the legal profession more broadly. All Government sector agencies that brief counsel are required to comply with the Equitable Briefing Policy for Women Barristers<sup>1</sup> and make all reasonable efforts to:

- brief or select women senior barristers accounting for at least 20% of all briefs and/or 20% of the value of all brief fees paid to senior barristers; and
- brief or select women junior barristers accounting for at least 30% of all briefs and/or 30% of the value of all brief fees paid to junior barristers.

## Billings

Indirect briefings<sup>2</sup> to counsel by Panel law firms during the year generated \$11.9m in fees, comprising \$3.8m (32%) of briefings to female counsel and \$8.1m (68%) of briefings to male counsel. This is a 8% decrease in billings to female counsel compared to FY21/22.

## **Briefings**

Based on the information provided by Panel law firms for indirect briefings and comparing the current number of barristers practising within NSW<sup>3</sup> to the number of indirect counsel briefings by Panel firms, female senior counsel represented 7% of all senior counsel and 25% of all senior counsel briefings and female junior counsel represented 14% of all junior counsel and 42% of all junior counsel briefings<sup>4</sup>.

The table below shows a breakdown of % of Indirect Counsel Briefings by Seniority and Gender.

## Satisfaction survey results

A satisfaction survey on Panel performance was conducted during the year across Government, resulting in an average satisfaction score of 80. This is a decrease of 2% compared to the previous year's results.

## **Social Outcome Overview**

A range of social outcome requirements was introduced as a part of the NSW Government Legal Services Panel tender refresh process. These goals are supported by a range of procurement policies that Government agencies and their suppliers are to meet on an ongoing basis. These policies are:

- Aboriginal Procurement Policy aims for 3% of the number of contracts and 1% of addressable spend to go to Aboriginal businesses and to support Aboriginal Employment opportunities
- Australian Disability Enterprises Policy aims to support ADEs and employees with Disabilities
- Small and Medium Enterprises and Rural/Regional Business Policy aims to award opportunities for SMEs and Rural and Regional firms to participate in large contracts, to increase public spending with SMEs and Rural and Regional Businesses and improve the capability within these firms
- **Sustainability Policy** aims to drive resource efficiency and to minimise the environmental impact of operations.

# 8 Counsel Briefed

The NSW Government recognises the need for equity in briefing practices. Government agencies are required to consider female barristers when Panel firms are indirectly briefing barristers on their behalf and ensure an equitable distribution of work to both male and female barristers.

The Equitable Briefing Policy<sup>6</sup> is designed to promote opportunities for women at the Bar. It is founded on equity principles. Under the Policy, when Government agencies engage barristers or advocates, they are to take reasonable endeavours to:

- a. Identify female counsel in the relevant practice area
- b. Genuinely consider engaging female counsel
- c. Monitor and review the engagement of female counsel
- d. Report annually on the nature and rate of female counsel engaged

## **Counsel Billings**

The value of all briefs by Panel firms to counsel (indirect briefings) during FY22/23 was \$11.9m, comprising \$8.1m (68%) of briefings to male counsel and \$3.8m (32%) of briefings to female counsel. The percentage of billing value to female counsel has decreased by 8% from last year's 40%.

<sup>6</sup> NSW Equitable Briefing Policy

## **Counsel Briefings**

When comparing the number and gender of barristers in NSW<sup>7</sup> to the number of indirect counsel briefings by Panel firms during FY22/23, 7% of senior counsel are women receiving 25% of all senior counsel briefings. 14% of junior counsel are women, receiving 42% of all junior counsel briefings<sup>8</sup>

# 9 Satisfaction Survey

A satisfaction survey on Panel performance was conducted during the reporting year across Government, resulting in an average satisfaction score of 80%. Further,

- 1,886 responses indicated 21 firms exceeded expectations (29.8%)
- 3,762 responses indicated 24 firms met expectations (59.4%); and
- 683 responses indicated 17 firms needed improvement (10.8%).

Feedback collected through the satisfaction survey is provided to Panel firms to highlight opportunities for improvement and acknowledge areas where performance has exceeded expectations.

# **10 Social Outcomes**

FY22/23 was the second year in which social outcomes reports were received from NSW Government Legal Services panel firms and reported on by Transport for NSW, as lead agency managing the Panel. It is anticipated that more firms will report year on year as they implement processes in their firm to capture the required data.

## **10.1 Social Outcomes – Aboriginal Procurement Policy**

The NSW Government Aboriginal Procurement Policy aims for 3% of the number of contracts and 1% of addressable spend to go to Aboriginal businesses<sup>9</sup> and to support Aboriginal Employment opportunities.

The NSW Government Legal Services Panel requires panel firms to report on their contribution to driving improved Aboriginal social outcomes.

Of the 42 responding firms (including the Crown Solicitor's Office) we are pleased to report the following:

• Aboriginal Employment

Pleasingly, in FY22/23, panel firms reveal the employment of 67 Aboriginal lawyers and a further 68 Aboriginal staff in other roles.

#### Figure 16: FY22/23 Aboriginal employment

### Spend with Aboriginal Businesses

Of the 19 responding firms in FY22/23, an average of 2.2% was spent with Aboriginal businesses, resulting in 0.8 % below the required 3% target.

#### Figure 17: FY22/23 Percentage of Procurement Spend with Aboriginal Business

#### Aboriginal targeted scholarships & pro bono work

Firms offered a combined total of \$225,500 of Aboriginal-targeted scholarships and 21 Aboriginal cadet positions. Firms also delivered a combined 71,139 hours of pro bono work for Aboriginal communities and organisations

#### **Current and Future Initiatives**

Across the panel firms, significant work has been done to further Aboriginal outcomes and increase the level of support for Aboriginal procurement. The commitment from Panel firms to develop policies that strive to promote Aboriginal people and culture in the legal profession is recognised.

Panel firms have reported on, actionable, and measurable goals developed with local Aboriginal communities. These initiatives include:

- Cadetship and Internship positions through Career Trackers Career Trackers is a national non-profit that works with Aboriginal and Torres Strait Islander young adults from university, linking them with employers for paid internships.
- Aboriginal Procurement Policies and work with Supply Nation to identify Aboriginal businesses to increase procuring from Indigenous owned or run entities. Opportunities Aboriginal suppliers included catering for firm events, corporate gifts, stationery and office supplies, cultural awareness training, marketing products, photographers and new office fitout.
